

SPECIAL LOTION - For Collagen & Peel-Off Masks

ACTIONS

This Special Lotion is used to moisturize the Collagen Masks before their application, and used as a basis for the Peel Off Masks. The Hydrolyzed Elastin contained in this lotion, important component of the skin's elastic fibers, provides amine acids and helps to slow down the aging process. When used, the BeautyMed Special Lotion allows to reinforce the facial supporting tissues.

DIRECTIONS FOR USE

For Collagen Masks :

Place the collagen mask on the face. Apply the Special Lotion. Lightly apply the mask with fingertips. Let it acts from 20 to 30 minutes.

For Peel Off Masks:

In a bowl, mix 30 gr of powder with 90 gr of the Special Lotion. Briskly mix during about 1 mn 30, to prevent lumps. Apply immediately the mask and let it works during 20 minutes.

MAINS INGREDIENTS
